Activate and Awaken the 12 Chakras

This is a program to deep cleanse, purify, activate and awaken the 12 major chakras. During the process, a new holographic matrix of information is also integrated in the chakras for 2013 and beyond. This way each of the 12 major chakras can hold a higher light matrix for the process of ascending to a multidimensional existence.

Your access to download and integrate the holographic information in the recordings has been enabled after your purchase. Each time you listen to the recordings, you will anchor and integrate additional information for your personal energy field. It is recommended that you notice your thoughts, feelings, emotions and any sensation you may experience. This way, you can gradually develop your skills to notice the flow of energy and information.

Activation

When you listen to the audio recordings, a holographic matrix encloses your personal energy field with the information and light matrix this program holds and remains active until the process is complete. It is recommended that you listen to track 1 of the recordings for two weeks (chakras 1-7) and then track 2 of the recordings for another two weeks (chakras 8-12) for best results. This way, your personal energy field can gradually integrate the energy and information for the chakras. You can also listen to track 3 (chakras 1-12) after you listen to track 1 for two weeks.
